SUMMARY

Final-year Computer Science student seeking an IT Helpdesk Intern role. Experienced in hardware/software troubleshooting, workstation setup, system configuration, and technical documentation through IT helpdesk internship experience. Familiar with Windows and Linux environments, basic network troubleshooting, user support, and IT asset/documentation practices. Eager to support daily IT operations, system monitoring, backup tasks, and infrastructure maintenance.

WORK EXPERIENCE

Saigon High-Tech Park - IT Helpdesk Intern

Sep 2025 - Nov 2025

- Provided technical support for hardware and software issues for internal users.
- Assisted in system setup, configuration, and troubleshooting to support stable daily operations.

Vietnam AI Software Solution - Business Analyst Intern

Nov 2025 - Feb 2026

- Gathered and analyzed business requirements from school stakeholders, including administrators, teachers, and staff.
- Worked closely with developers to clarify requirements and prepared project documentation, reports, and presentation materials.

PROJECTS / PRACTICE

Linux System Administration & Troubleshooting Practice

Tools/Concepts: Linux, Windows, CLI, System Setup, Troubleshooting

- Practiced installing and using Linux, managing files and applications, checking system resources, and troubleshooting common OS issues.
- Reviewed basic differences between Linux and Windows environments, including package management, disk usage, permissions, and terminal commands.

Basic Network & Device Support Practice

Tools/Concepts: TCP/IP, DNS, DHCP, Router/Switch Concepts, Documentation

- Studied basic networking concepts such as IP addressing, DNS, DHCP, gateway, LAN/Wi-Fi connectivity, and common connectivity checks.
- Practiced troubleshooting user-level network issues by checking cable/Wi-Fi connection, IP configuration, DNS resolution, and basic ping tests.

SKILLS

IT Support

Help Desk, Technical Support, Hardware Troubleshooting, Software Installation, User Support, Workstation Setup

Operating Systems

Windows, Linux (Ubuntu / Linux Mint)

Networking

TCP/IP, DNS, DHCP, IP Configuration, LAN/Wi-Fi Troubleshooting Basics

System Operations

Basic Maintenance, Backup Concepts, System Monitoring Concepts, IT Asset Documentation

Tools

Git/GitHub, Terminal, VS Code, Microsoft Office, Google Workspace

Programming

Python, SQL, C++ Basics

Soft Skills

Problem Solving, Detail-Oriented, Responsible, Clear Communication, Customer Support Mindset

Languages

Vietnamese (Native), English (TOEIC 700)

EDUCATION

Open University

Bachelor of Computer Science

Expected in 8/2026

GPA: 3.2/4.0

HONORS & AWARDS

Consolation Prize - University-level Scientific Research Competition
2025
